*Date Needed (MM/DD/YYYY):

Enter any notes or detailed info here:

Note 1: The Board of Supervisor's policy there are standard charges for any requested hard copies, disks, and mailing. Copying and downloading time for standard hydrologic data in excess of two hours will be charged at \$25/hr. Non-standard data processing or special request analyses will be charged at \$75/hr. Processing time for certified data will be charged at \$105/hr. If there is a charge for data you will be contacted with a cost estimate prior to processing.

Note 2: Allow minimum of one week for daily average stream or daily rain data. Other data types may take longer.

Note 3: Please submit payment by check (Payable to Ventura County Watershed Protection District) with a copy of this data request to: Sonnette Aquino, VCWPD Permits Section, Acct P6029510, 800 S. Victoria Ave, Ventura, CA 93009

Your data will be provided when payment is received. Alternatively, you can fax a copy of your check to (805) 654-3350, Att: Hydrology Section, and request that the data be sent to you before the check is received by VCWPD

You can save this form and attach as an e-mail or use the buttons to the right.
